signs up
role writer
A1 Visitor
no account
• browses the public feed
• reads free articles
• cannot interact
A2 Reader
personal account
• likes, comments, reposts
• saves, follows, blocks
• reports content
• premium plan: premium articles and the assistant
A3 Writer
personal account, role writer
• everything a reader does
• drafts, publishes and analyses own articles
• once eligible: premium articles and listings
a different account type: inherits nothing
a role granted in the database
A4 Magazine
magazine account
• subscribes and receives monthly credits
• browses writers and their evaluation reports
• previews, buys and publishes licensed articles
A5 Administrator
personal account, role admin
• works the report queue
• manages users and articles
• grants marketplace eligibility manually
• works in a console of its own
States, not actors
a reader’s plan (free or premium) · a writer’s marketplace eligibility · a magazine’s subscription (active or not)
